ORNAMENTA®

update

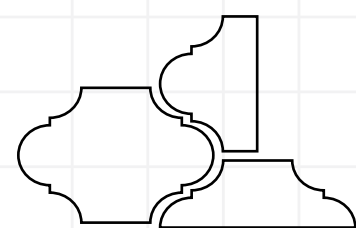

18x26cm
7¹/₈" x 10¹/₄"

Past 2.0

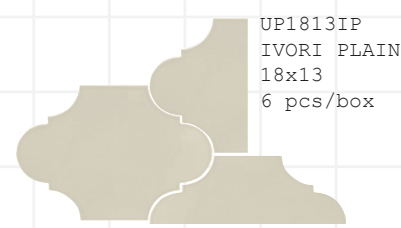

Web 2.0 è utilizzato per indicare uno "stato di evoluzione" rispetto ad una condizione precedente. Parafrasando questo termine, in "update", il target del progetto è stato quello di modernizzare una delle forme classiche più conosciute, il provenzale, proponendo delle tonalità colore attuali e integrando l'artigianalità del manufatto alla tecnologia digitale della decorazione.

Web 2.0 is a term used to indicate an "evolution status". In "update collection" the project's target has been to modernize one of the most classic shape known, the provencal, by suggesting actual colours and by combining handcrafted material with the digital technique of decoration.

"Stato di evoluzione: la traduzione reinventata".

"Evolution status: the tradition reinvented".

Una delle forme più classiche, il Provenzale, viene rivisitato con la moderna tecnologia digitale in chiave wall and floor tile dove il mix colori/materia permette di realizzare puzzles mono/policromi a seconda del disegno che si desidera configurare mescolando e abbinando i colori a piacere.

One of the most classic shapes, the Provencal, is revisited with modern digital technology in wall and floor tile where the mix color/materia allows you to create mono or multi-colored puzzles depending on the design that you want to configure mixing and matching colors to taste.

Manufatto artigianale/*Handmade article*
Material: impasto di argille in gres porcellanato trafilate.

Material: mixture of clays in gres porcelain drawn.

Caratteristiche: materiale realizzato artigianalmente, pertanto le variazioni di colore, tono e dimensioni sono da considerarsi qualità intrinseche del materiale stesso.

Features: handcrafted material, therefore variations in colors, tone and size are to be considered intrinsic qualities of the material itself.

Posa: consigliamo di posare i pezzi seguendone le forme senza l'utilizzo di distanziali in modo che creino naturalmente la fuga ideale, caricando di collante non solo la superficie da pavimentare/rivestire ma anche il singolo pezzo per compensare le differenze di planarità che si potrebbero riscontrare in un prodotto trafilato.

Laying: We suggest you to lay pieces by following their shapes without using any spacer so that they may create naturally the ideal joint. Load the adhesive not only on the floor but also on the single piece to compensate different thicknesses typical of a drawn product.
