Contemporary Puzzles

Segni e reminiscenze arcaiche disegnano sequenze di quadrati, perfettamente allineati secondo insondabili geometrie. Dal nero della superficie affiora il colore per disegnare un puzzle, espressione di assoluta e pura contemporaneità.

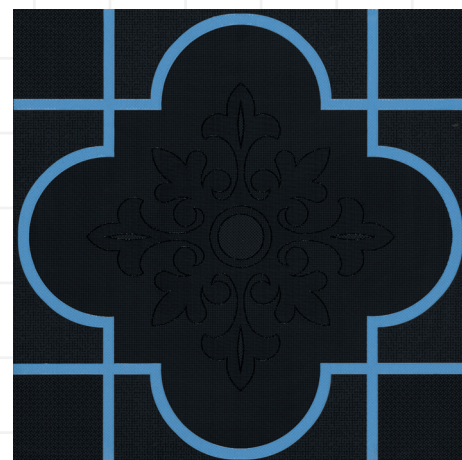

Signs and antique reminiscences draw sequences of squares, perfectly aligned according to unfathomable geometries. From the black of the surface the color springs to draw a puzzle, expression of absolute and pure contemporariness.

_soft variations

La gamma si arricchisce di 6 nuovi "soft colours" tono su tono. Ora i puzzles prendono forma partendo dalle altre nuances di colore della collezione basics, in un primo tempo non utilizzate, per creare composizioni "tonali" nelle quali, pur rimanendo intatto lo spirito di contemporaneità disegnato dalle geometrie _IN e _OUT, il suo effetto ne risulta attenuato.

The collection is enriched with 6 new "soft colours", tone on tone. Now the puzzles take shape starting from the other basics colours, not used in a first time, to create "tonal" compositions in which, while remaining intact the spirit of contemporary, drawn by _IN and _OUT geometrics, its effect results attenuated.
